Color:	green
Material:	Softshell

The Sintra Softshell Women's Jacket is made of water-repellent fabric with a honeycomb structure on the inside, which ensures lightness and breathability.

The water-repellent zipper guarantees reliable protection, while the Vestrum logo patch on the left front adds a distinctive detail.

The jacket is rounded out by a hood that provides extra protection on unpredictable days.

A practical and functional softshell jacket, ideal for facing unpredictable weather with comfort and essential style.

Material Composition

67% polyamide, 20% polyurethane, 13% spandex: 75% polyamide, 25% spandex
