168,55CHF / Piece

incl. 8,1% VAT plus Shipping

Delivery **Sat 07. Nov - Mon 09. Nov 2026**

Thick bridle:	16 mm
Material:	Metal

This bit promotes the horse’s acceptance of the bit and lateral contact. This makes riding turns easier. The mouthpiece is held calmly in a consistently central position so that rein aids can be optimally transmitted to the tongue.

The ergonomically shaped mouthpiece allows for quick and precise influence on the tongue compared to conventional bits. The pressure is distributed evenly across both sides of the tongue.
