AMEGLIA Softshell Jacket
Ameglia is a water-repellent, hooded softshell jacket for women. This fabric is very versatile, ideal for wearing as a sweatshirt during the colder months and as a jacket in the transitional seasons. The left sleeve is embellished with a Vestrum-branded appliqué. It features a front zipper and two zippers on the waterproof pockets. The edges of the hood and pockets are lined with shiny technical nylon, which lends the garment elegance and originality.
Available in the color verde finanza
