Size of Gaiters / Bell Boots:	L
Color:	white

Our innovative Gravity hoof bell solves a long-standing problem by preventing the bell from rotating while riding. Gravity through and through. Thanks to the laws of nature, the durable and slightly weight-reinforced Kevlar strap rotates to the lowest point of the hoof bell and remains in this position even while in motion. Made of a flexible, heat-resistant plastic (EVA) with a carbon-fiber look, the hoof bell impresses with its light weight and high durability. The soft fleece lining offers additional protection against friction and exceptional comfort.
Hoof Bell Size Chart:

- Height at the withers up to 155 cm: Size M

Product information

- Height 156–168 cm Size L
- Height 169 cm and up: Size XL
