Carr & Day & Martin Dreamcoat Coat Shine Spray – 500 ml

The Carr & Day & Martin Coat Shine Spray provides a high-quality, high-gloss finish for a horse's coat. The specialized formula is designed to enhance shine and definition without leaving a greasy residue. The silicone-free formula allows for application even in the saddle area, where traditional products often must be avoided.

The non-slip formula naturally accentuates the horse's muscle definition and creates a smooth, even finish across the body, mane, and tail. After spraying, the product sets briefly and can then be easily brushed out—a simple process that fits seamlessly into your daily equestrian routine.

Product information

For special occasions or presentations, the spray can be applied before braiding the mane and tail to achieve a radiant finish. The fine mist ensures even coverage without clumping or excessive buildup in specific areas.

Product Features at a Glance:

- High-gloss finish without silicone
- Non-slip, safe formula
- No greasy residue
- Can be used on the coat, mane, tail, and saddle area
- Fine mist for even application
- Easy to brush out after a short processing time
- Contents: 500 ml

Note: Follow the instructions before each use. This product is suitable for regular grooming and special occasions.
