A smaller version of the original: The ROECK-GRIP WINTER JUNIOR from ROECKL SPORTS is the unmistakable glove for children who love horseback riding. ROECK-GRIP® is extremely **breathable**, **elastic**, and **supple**. In short: It fits children's hands **like a second skin**. At the same time, it offers **exceptional grip**. For the winter model, ROECK-GRIP® has been laminated with a **warm**, **soft** Micro Bemberg lining. The lamination process bonds the lining to the outer material across the entire surface, preventing the two layers from slipping or twisting. This allows for a **sensitive grip** on the reins. The Munich-based glove specialists also place great emphasis on the quality of craftsmanship: The individual parts are sewn together by hand with precision. Seam tolerances of no more than one millimeter are just one tangible measure of quality, since comfort cannot be measured. It's the cuts and

proportions that make the difference. Here, ROECK-GRIP draws on 180 years of experience in the art of glove-making. Practical: The ROECK-GRIP WINTER JR. can be machine-washed at 30° Celsius. The distinctive strap with the stylized little hand reliably secures the glove to the wrist. **Back of the hand:** ROECK-GRIP® laminated with Micro Bemberg
Palm: ROECK-GRIP® laminated with Micro Bemberg
Features: Strap with Velcro closure, machine washable at 30° C **Gender:** Unisex
