Y-Strap

Art.Nr.: FJ-F02227 / GTIN: 3701012270067 / manufacturer:

18,00CHF

incl. 8,1% VAT plus Shipping

Delivery **Mon 09. Nov - Tue 10. Nov 2026**

A must-have for the AIRBAG FREEJUMP.

The mounting strap is essential for optimal use of the AIRBAG FREEJUMP and X'AIR SAFE with airbag. It attaches to the saddle's stirrup leathers and allows for the correct attachment of the airbag's key-ball safety lanyard. Far too many riders attach their airbag to the saddle rings, which is dangerous. The saddle rings are not designed to withstand such pressure and can come loose, preventing the airbag from deploying.

The attachment strap ensures that the airbag cord is perfectly centered for optimal deployment, thereby guaranteeing your safety in the event of a fall. Always use the attachment strap supplied with the FREEJUMP AIRBAG and X'AIR SAFE with airbag to ensure the correct and safe operation of your equipment.

The mounting strap is made of sturdy, durable materials and offers an exceptionally long service life.

The FREEJUMP AIRBAG and the X'AIR SAFE with airbag must be used with the FREEJUMP mounting strap to ensure proper function and maintain the warranty.

⚠ **Safety items – cannot be exchanged or returned.**

To ensure that these products always provide flawless, undamaged protection, certified safety items are not eligible for return or exchange.
