| Clothing Sizes: | M |

New York is a women's jacket made of technical, windproof memory fabric and padded with Ecodown, making it completely eco-friendly.
The perforated logo on the left side echoes the lettering on the right sleeve, perfectly balanced by the tone-on-tone patch on the left sleeve. Side zippers provide greater freedom of movement and comfort.The model in the photo is 180 cm tall and is wearing a size S. The jacket has a slightly slim fit.
