Size of Riding Gloves:	9

Thanks to the uvex sportstyle winter, cold fingers are a thing of the past. These highly elastic, non-slip PU riding gloves feature warming Thinsulate insulation and a plush inner lining, keeping hands and fingers warm even on particularly cold days. Despite its lining, the uvex sportstyle winter is exceptionally supple and breathable and does not impair the rider’s performance. As is typical for uvex, these riding gloves are machine washable up to 30 degrees.

Palm material: 60% polyurethane, 40% nylon/polyamide
