The WEATHERBEETA DELUXE Shoulder Pads in black, size XL, offer a well-designed solution for protecting sensitive shoulder and withers areas from chafing caused by horse blankets. The quilted material ensures a comfortable fit and guarantees that the shoulder guard sits comfortably without adding unnecessary bulk. Especially during extended wear, a snug-fitting, soft pad is a key factor in the horse's well-being.

The shoulder guard is designed to be easily pulled over the horse's head. This allows for quick application and ensures it stays securely in place where needed. The black color scheme is both understated and functional, while the XL size is tailored for larger

# Product information

horses. As a practical accessory, this model complements everyday blanket use and can help reduce chafing.

- **Brand:** WEATHERBEETA
- **Product Type:** Shoulder protection for horses
- **Size:** XL
- **Color:** Black
- **Material:** Quilted for comfortable wear
- **Function:** Protection against chafing from blankets
- **Usage:** Easy to put on over the head
- **Care:** Washable at 30 °C

The **DELUXE Shoulder Protector** is suitable for use in situations where blankets place particular strain on the shoulders and withers. Thanks to its easy-care, washable design, this accessory remains suitable for everyday use and is straightforward to use. When combined with other blankets and protective gear, it provides a functional addition to a clean, well-organized set of horse equipment.
