Color: lavender

The EPONA Rubber Grooming Brush, Lavender, combines functional coat care with a pleasantly flexible feel. The Glossy Groomer is designed as a practical rubber curry comb for horses, and its flexible shape allows it to adapt to both the hand and the contours of the horse's body. The 1-centimeter-long bristles ensure a thorough cleaning and reliably remove dirt, dust, and loose hair from the coat.

The lavender-colored version adds a soothing, high-quality touch to stable equipment and complements daily horse grooming with a well-designed grooming tool. Especially for sensitive or nervous horses, the gentle texture of the bristles can be soothing and make the grooming routine more harmonious. Thanks to its light weight, the curry comb lies comfortably in the hand and is also suitable

Product information

for longer grooming sessions.

- **Flexible shape** for ergonomic use
- **1 cm-long bristles** for thorough coat care and deep cleaning
- **Lightweight material** for comfortable use
- **Gentle massaging effect** to promote relaxation
- **Suitable for sensitive areas of the body** and hard-to-reach spots
- **Lavender color** for a subtle, modern look
- **Easy to care for and durable** for daily use

As a versatile grooming brush, this model is ideal for daily care, targeted cleaning after training, and as a complementary accessory for massage and relaxation. The combination of flexibility, functionality, and attractive design makes the EPONA rubber grooming brush a compelling choice for thorough horse care.
