Laundry Service:	Western Saddle Pads

We offer a professional laundry service for your horse blankets, saddle pads, dog beds, etc.

We use only detergents that are suitable for the respective material. These detergents ensure that the functional fabrics of the horse blankets remain breathable and waterproof.
Upon request, the blankets can be treated with a wash-in waterproofing agent for extra protection.
We do not differentiate based on the fill of the blankets. All rain and winter blankets are priced the same.

If horse hair needs to be removed by hand because the blanket is so heavily soiled, this will be billed based on the amount of work
