Color:	black
Horse Size:	Pony

Pro-Jump with Slide&Lock Clasp
Together with the Stübben team riders, we have developed a snaffle bridle that takes the horse’s anatomy into account while offering the precision required for the highest levels of show jumping.

Thoughtful Design
The Pro-Jump bridle features a unique headpiece—carefully engineered to reduce pressure on the horse’s ears and neck. The contoured shape of the headpiece provides ample space for the ears of horses with different head shapes. Very soft foam padding distributes pressure evenly, while the sensitive area of the cervical spine has been left unpadded to relieve pressure there.

Product information

New Innovative Buckles
Our revolutionary, exclusive Slide&Lock fasteners on the cheekpieces allow for effortless bit changes in the blink of an eye: simply slide the metal sleeve upward, and the pin releases the leather loop. Once the bit has been changed, slide the sleeve back down until it clicks into place.
Various noseband options
English-style combined noseband: softly padded with a fully removable flash strap (RFS - Removable Flash System)

What’s Included: Reins and a bit are not included with the Pro-Jump bridle.
