- support digestion, the respiratory tract, and the immune system
- Relax the nervous system
- promote skin metabolism
- Prevent deficiency symptoms

Product information

Hemp seeds contain the most important essential amino acids, vitamins, antioxidants, minerals, enzymes, and phytochemicals, which can be beneficial for horses' health and overall well-being.

Musculoskeletal
System: Hemp seeds can help stabilize tendons and joints.

Performance/Vitality
: In the daily training of sport horses, the high concentration of vital nutrients in hemp seeds has a beneficial and supportive effect on muscle development and stamina.

Nervous System
: Hemp seeds can help promote calmness and composure. This makes working with and training horses easier.

Hemp seeds are a completely natural animal feed supplement and contain no fillers or carriers.

Due to the hardiness of the industrial hemp plant, it can be grown with virtually no pesticides or fertilizers. This ensures that all the high-quality vitamins and vital nutrients in the hemp seeds remain virtually uncontaminated.

Our hemp seeds are a pure natural product that, in compliance with EU regulations, contain less than 0.2 percent THC and cannot induce any intoxicating effects or similar states. Our hemp products are completely natural and contain no preservatives or flavorings.

Optimal ratio of omega-6 to omega-3 (3.75 : 1)
