Color:	brown
Horse Size:	Full

AZRIEL Martingale
Do you need a martingale fork for better control over jumps? But you don’t like traditional martingales? Then the “Azriel” martingale is the perfect solution. Featuring a modern design with an anatomical fit, soft leather elements, and decorative stitching, it also impresses with its well-thought-out features: By sliding the leather covering on the martingale rings, you can open them, eliminating the need to constantly open and close the reins. In addition, the loops on the buckles are adjustable yet integrated. This means there are fewer loose strap ends, and the loops cannot slip out of place. The breast strap is adjustable at the front of the chest, eliminating the need for dangerous fumbling under the horse’s belly.

Product information

Oiled leather is vegetable-tanned and retains its natural grain. During the tanning process, it is treated with high-quality oils, making it very soft as well as water- and dirt-repellent. This keeps the leather supple, durable, and easy to care for over the long term. The unique patina that develops with use is by no means a flaw; rather, it gives the product an unmistakable personality, individuality, and character.
