Color:	black
Size of Gaiters / Bell Boots:	M

Our innovative Gravity hoof bell solves a long-standing problem by preventing the bell from rotating while riding. Gravity through and through. Thanks to the laws of nature, the durable and slightly weighted Kevlar strap rotates to the lowest point of the hoof bell and remains in this position even while in motion. Made of a flexible, heat-resistant plastic (EVA) with a carbon-fiber look, the bell impresses with its light weight and high durability.

Hofsteel Size Chart:

- Height at withers up to 155 cm: Size M
