Features:	Breathable, Reflective, Waterproof
Blanket Sizes:	145 cm

The Bucas Riding Rug is a lightweight yet durable all-weather riding rug that’s perfect for riding on cold and dark days. Reflectors on the sides and back ensure visibility in the dark. The rug is made of “rip-stop” outer material with a waterproof and breathable coating, as well as an antibacterial “Stay-dry” inner lining.
The rug’s Velcro fastening system also ensures easy handling: Depending on the type of saddle, the rug can be attached either under or over the saddle flap.
