Specialized detergent for lambskin and leather, 500 ml

Art.Nr.: HH-37900305 / manufacturer:

19,60CHF

incl. 8,1% VAT plus Shipping

Currently out of stock.

In addition to cleansing agents and predominantly natural ingredients, this detergent for leather and sheepskin also contains components that restore natural oils. This prevents the leather from drying out and becoming stiff. Among other things, this detergent is ideal for products made of sheepskin, washable leather, clothing with leather details, and riding pants. 500 ml
