Back to the Roots – "Rope" Drawstring Belt The rope belt is making a comeback! With its simplicity, the rope belt offers many advantages. The cord belt

- is barely noticeable thanks to its minimal use of material.
- adapts very well to the horse’s shape thanks to its construction with individual cords and stabilizing sections.
- reduces the buildup of dirt thanks to its snug fit.

For improved pressure distribution across the sternum, the drawstring girth can also be fitted with a belly plate. This can be purchased from us via email. Color: black
Material: polypropylene
