Art.Nr.: 100108H1 / manufacturer: Horseandmore

54,00CHF

incl. 2,6% VAT plus Shipping

Delivery **Sat 07. Nov - Mon 09. Nov 2026**

A detoxification regimen helps the body rid itself of accumulated waste products and toxins. It is therefore one of the most important blends of our time, and the addition of yarrow helps strengthen the immune system, thereby contributing to the restoration of vitality.

Give your horse a fresh start—especially in the spring and fall!

Why Detox for Your Horse?

Over time, metabolic byproducts, environmental toxins, and other harmful substances accumulate in your horse's body. A regular detoxification regimen supports the body by:

- **Boosting metabolism** – supports the liver, kidneys, and lymphatic system in their natural cleansing functions
- **More vitality & energy** – Your horse feels fresher and more energetic

Product information

- **Strengthening the immune system** – With yarrow to support natural defenses
- **Improved skin condition** – For a healthy, shiny coat
- **Greater well-being** – More energetic and balanced overall

Carefully selected natural herbs

Our detox blend combines traditional herbal knowledge with modern equine nutrition. Each ingredient has been specifically selected:

- **Artichoke** – Supports liver function and aids digestion
- **Stinging nettle** – Rich in minerals, cleansing and detoxifying
- **Dandelion herb** – Stimulates the liver and kidneys, promotes elimination
- **Yarrow** – Strengthens the immune system and supports metabolism
- **Chicory** – Promotes digestion and detoxification processes
- **Horseradish root** – Energizing and promotes blood circulation
- **Nasturtium** – Natural defense for the body

...and other carefully balanced herbs in specific proportions.

Feeding Recommendation

- **Full-sized horses (500 kg and up):** 50 g – 80 g per day
- **Small horses / ponies:** 30 g – 50 g per day

Directions: Mix into the daily feed. **Tip:** Best served moistened or as a tea infusion! Feed the herbs along with the infusion for optimal absorption.

Treatment duration: For at least 2 weeks! We recommend a treatment duration of 4–8 weeks for best results.

When is a treatment course recommended?

- **In the spring**—after the winter break, for a fresh start to the grazing season
- **In the fall** – Before the stabling period to prepare for winter
- **Year-round** – During periods of stress or to support metabolism
- **After administering medication**—to support the body's natural detoxification process

The Horse and More Quality Guarantee

- **All-natural** – No artificial additives
- **Carefully Selected** – High-quality herbs in balanced proportions
- **Developed by experts** – Formulated by certified veterinary naturopaths
- **Regularly Tested** – Quality control for purity and effectiveness
- **Long-Lasting** – Prolonged effects with daily use

Suitable for which horses?

The Detox Herbal Blend is particularly suitable for:

- Competition horses under high stress
- Older horses to support metabolism
- Horses recovering from illness or medication
- Horses with sluggish digestion
- As a spring and fall treatment for all horses
- To help with allergies or skin problems

Ingredients

Artichoke, stinging nettle, restharrow, nasturtium*, cleavers, dandelion, horseradish root*, yarrow, chicory, 3 herbal flavorings in specially balanced proportions by weight.

⚠ Notes

This is an animal feed. If your horse has health issues, please consult your veterinarian or animal naturopath. This herbal blend is not a substitute for veterinary treatment but can be used as a supportive measure.
