Horse Size:	Full

Mexican Bridle, LUCIA
The "Lucia" Mexican bridle is made of high-quality leather and fits comfortably around the horse's head. The noseband is arched and curved at the sides, similar to our "Ivy" model. The headpiece is adjustable on both sides, has a distinctly anatomical cut, and is softly padded. The nose pad is interchangeable and consists of genuine medical-grade lambskin on one side and a leather pad on the other. The throat strap is beveled, and the browband is curved, narrow, and adorned with white rhinestones. The bridle comes with narrow, rubber-coated reins featuring barbs.

- Mexican noseband, adjustable on both sides
