Product information

New combination, new style. That's how to rock glam in 2020!

- New color
- Popular Glam Factor
- Highest safety standards
- Adjustable

  to the millimeter

The popular Glam helmet top meets a sporty, matte-finished helmet shell in the suxxeed starshine. Add a shiny frame—and a new trend-setting helmet is born.

New material combinations define the designs of the 2019/20 collection from uvex equestrian. And this helmet, too, is made to showcase its full radiance. Navy, black, or anthracite with rosé: these harmonious color combinations pair perfectly with any competition outfit. **Swarovski®** crystals in the frame complete the **glamorous, sporty** look that stands out in any discipline. The classic design of the uvex suxxeed is what makes this helmet so successful. It is manufactured using innovative hardshell technology and consists of an injection-molded outer shell and EPS on the inside.

A highly effective safety combination: impact-resistant on the outside, shock-absorbing on the inside. The helmet features uvex climate control inside the helmet, which keeps your head cool at all times. With the uvex Monomatic comfort closure, the R-FAS strap system, and the IAS 3D size adjustment, the helmet can be adjusted multidimensionally to the head’s shape with millimeter precision. In addition, the inner lining—developed specifically for riders—features the uvex

design is moisture-wicking, antibacterial, hypoallergenic, removable, and washable.
