incl. 8,1% VAT plus Shipping

Currently out of stock.

Color:	silver
Horse Size:	Full

A breastplate made of premium vegetable-tanned leather with 3 attachment points.
The soft leather lining provides the horse with added comfort.
Prevents the saddle from slipping backward thanks to the side attachments, which are secured to the saddle straps, and the belly strap, which is secured to the girth.
The removable martingale fork also helps restrict the horse’s head from moving upward.
