Canine Adult Free-Range Chicken for All Breeds Our free-range chickens have plenty of space to run and scratch around and are fed only natural ingredients. The tender chicken meat is naturally rich in protein, iron, and zinc. It’s complemented by locally sourced barley and parsnips. These high-quality ingredients are gently prepared and provide your four-legged friend with all the essential nutrients he or she needs for a species-appropriate diet. Our recipe, featuring nutritious whole grains, is easily digestible and contains no added sugar or artificial colors, flavors, or preservatives. Chicken and parsnips support healthy digestion and

Ingredients: Poultry protein* (25%, of which 80% is chicken) from certified organic farming, whole-grain corn, corn meal, whole-grain barley (11.5%), oils and fats (4.5%), dried beet pulp, flaxseed (2.3%), hydrolyzed protein, apple pomace* (1.25%), lignocellulose, potassium chloride, sodium chloride (from sea salt), carrots*, parsnips* (0.2%), parsley root*, yeast* (extracted, 0.2% = 0.04% mannan-oligosaccharides), chicory powder (0.15% = 0.01% inulin), parsley leaves* (total regional vegetable blend 0.7%); *) dried.
Nutritional Analysis: Crude protein 22.0%, crude fat 11.0%, crude fiber 3.5%, crude ash 6.5%, calcium 1.4%, phosphorus 0.85%, sodium 0.3%, omega-6 fatty acids 2.5%, omega-3 fatty acids 0.3%.
Feeding Recommendation: Good to know—Simply feed it dry if your dog likes it crunchy. For a softer consistency, pour fresh warm water (approx. 60 °C) over the food and let it soak for a few minutes. Don’t forget: Your dog needs fresh drinking water at all times. If you give your dog treats, reduce the amount of food accordingly. The amounts in the feeding recommendation are guidelines. However, your dog’s needs vary depending on age, breed, living conditions, and activity level. Therefore, individual adjustments may be necessary. Daily Ration: Ideal Weight:
