**MONZA - An elegant dressage saddle with a single-flap design.**
A modern monobladed saddle that can be easily adapted to different horse body types. The seat is deep and comfortable and offers the rider a great sense of contact. The saddle is crafted from high-quality Italian cowhide leather, which provides a secure grip. The knee rolls are angled and higher than on conventional monobladed saddles, offering the rider support and freedom of movement for the knees. The anatomically shaped panels provide stability and excellent balance on the horse's back. **NOTE:** The images shown are standard illustrations of the respective saddle model. Colors, decorative stitching, and product-specific details may differ from the actual product delivered.
