Product information

The CHESTER dog bed by **HUNTER x ESKADRON** combines a calm, elegant look with comfortable functionality for everyday use as a dog bed. The quilted design with a subtle houndstooth pattern blends harmoniously into modern living spaces and adds a stylish touch without being overpowering. The soft, velvety surface and generous padding create a comfortable resting surface for relaxing downtime.

The construction is particularly well thought out: The individually removable inner cushions provide flexibility in use and make care easier. The quilted cover helps maintain a uniform shape and prevents the filling from shifting. This ensures the dog bed retains its shape and distinct silhouette even with frequent use.

The non-slip bottom with rubber nubs provides additional grip on smooth floors. A full-length zipper allows the cover to be removed for washing at 30 °C. This creates an easy-care solution for anyone who values a durable yet visually appealing sleeping spot for dogs.
