The EPONA Glossy Groomer rubber curry comb combines flexible handling with thorough coat care for daily use in the stable. As an ergonomic rubber curry comb, its shape comfortably conforms to the hand and the horse's body, facilitating even cleaning even in hard-to-reach areas. The 1-cm-long bristles reliably remove dirt, dust, and loose particles while providing a soothing massage effect during grooming.

The well-thought-out design makes the brush a practical grooming tool for various routine tasks. Especially when working on sensitive areas of the body, the flexible structure allows for controlled movement and a comfortable experience. This makes the horse grooming brush suitable for both daily coat care and relaxing grooming sessions focused on comfort and functionality.
