Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Color: lavender

The EPONA Glossy Groomer rubber curry comb is a flexible rubber curry comb designed for daily horse grooming, combining an ergonomic design with thorough cleaning power. Its shape comfortably conforms to the contours of the hand as well as the horse's body, thereby supporting controlled, even grooming during daily stable routines. The 1-cm-long bristles reliably remove dirt, dust, and loose particles, even in hard-to-reach areas such as the sides or sensitive areas.

The focus is on practical use with a comfortable feel and a lightweight design. At the same time, the brush is suitable not only for coat care but also for a gentle massage as part of the grooming routine. Especially for horses that are somewhat reluctant to be touched, the flexible structure can be beneficial for a calm and efficient grooming experience.

Product information

- **Flexible design** for ergonomic use and easy handling
- **1 cm-long bristles** for thorough cleaning and massage effects
- **Suitable for hard-to-reach areas** on the horse’s body
- **Comfortable, lightweight construction** for daily use
- **Supports coat care** and the horse’s well-being
- **Available** in blue and lavender

The available color options—blue and lavender—offer the same functionality and differ only in appearance. This allows you to choose grooming accessories that match your other equipment or easily distinguish between multiple brushes. The **EPONA rubber brush** thus combines function, comfort, and a clear focus on high-quality horse care.
