Product information

Color:	black
Dog Coat Size:	45 cm

The Hunter X Eskadron Vario Dog Coat in Black is a functional **winter coat for dogs** designed for changeable weather and cooler to very cold days. The 2-in-1 design combines weather-resistant protection with a flexible interior, ensuring reliable performance for everyday use, walks, and extended time outdoors. The minimalist black design highlights the clean, sporty-elegant character of the coat.

The water- and wind-repellent outer material protects against rain, moisture, and unpleasant wind. The detachable fleece lining provides additional flexibility, allowing for more warmth or a lighter feel depending on the temperature. A width-adjustable collar with elastic, the continuously adjustable belly strap, and elastic, length-adjustable loops for the hind legs ensure a secure and precise fit. The closed belly panel offers additional protection, while the opening for the collar's D-ring and the waterproof, adjustable two-way zipper for harnesses make the coat easy to put on and take off.

Reflective piping increases visibility at dusk and in low-light conditions. The easy-care construction and the ability to wash it at 30 °C complement the coat's suitability for everyday use.

- **2-in-1 dog coat** for cold to very cold and rainy days
- **Water- and wind-repellent outer fabric**
- **Detachable fleece lining** for flexible temperature adjustment
