Product information

Color:	black
Dog Coat Size:	50 cm

The Hunter X Eskadron Vario Dog Coat in Black is a functional **winter coat for dogs** designed for cold, very cold, and rainy days. The 2-in-1 design combines protection and flexibility in a minimalist, sporty-elegant look. The water- and wind-resistant outer material ensures reliable performance in changeable weather conditions, while the removable fleece lining allows for customized use depending on the temperature.

The fit is designed for stability and freedom of movement. A width-adjustable collar with elastic, the continuously adjustable belly strap with a snap closure, and elastic, length-adjustable loops for the hind legs all contribute to a secure fit. The closed belly panel offers additional protection, while the opening for the collar’s D-ring and the waterproof, adjustable two-way zipper for harnesses make the coat easy to put on and take off.

Reflective piping increases visibility at dusk and in low-light conditions. The black color scheme creates a clean, understated look and underscores the high-quality character of the design. The coat is easy to care for and machine washable at 30 °C.
