Product information

Color:	black
Dog Coat Size:	35 cm

The Hunter X Eskadron Vario Dog Coat in Black is a functional **winter coat for dogs** designed for changeable weather and cool to very cold days. The 2-in-1 design combines protection and flexibility in a clean, sporty, minimalist look. The water- and wind-resistant outer material ensures reliable protection in rain, wind, and low temperatures, while the removable fleece lining provides adjustable warmth depending on the weather.

The fit is designed for a secure yet comfortable feel. A width-adjustable collar with elastic, the continuously adjustable belly strap with a snap closure, and elastic, length-adjustable loops for the hind legs all contribute to a secure fit and good freedom of movement. The closed belly panel offers additional protection, while the opening for the collar's D-ring and the waterproof, adjustable two-way zipper for harnesses make everyday use more convenient.

Reflective piping enhances visibility at dusk and in low-light conditions. The black color scheme emphasizes the understated look and makes the coat a versatile addition to any dog's wardrobe. Easy to care for and machine washable at 30 °C, this model is suitable for regular use during the cold season.
