Product information

Color:	black
Dog Coat Size:	55 cm

The Eskadron Vario Dog Coat in Black is a functional **winter coat for dogs** designed for cold to very cold and rainy days. The 2-in-1 design combines weather-resistant features with a clean, sporty, minimalist look and is suitable for everyday use as well as for longer stays outdoors. The water- and wind-repellent outer material provides reliable protection in changeable conditions, while the detachable fleece lining allows for flexible adjustment to varying temperatures.

The width-adjustable collar with elastic, the continuously adjustable belly strap with a snap closure, and the elastic, length-adjustable loops for the hind legs ensure a secure and precise fit. The closed belly panel offers additional protection, while the opening for the collar's D-ring and the waterproof, adjustable two-way zipper for harnesses make the coat easy to use. Reflective piping enhances visibility at dusk and during the darker months of the year.

The black color scheme underscores the design's understated character and complements a high-quality, understated look. The coat is easy to care for and machine washable at 30 °C. The **55 cm** size is part of a coordinated line of variants that offers different fits and size increments depending on the model.
