Product information

Color:	black
Dog Coat Size:	60 cm

The Eskadron Vario Dog Coat in Black is a functional **winter coat for dogs** designed for changeable conditions during the cool and wet season. The 2-in-1 design combines weather-resistant protection with flexible adjustability and is ideal for walks in cold, very cold, or rainy weather. The minimalist black design underscores the coat's practical character and blends seamlessly into everyday life.

The water- and wind-repellent outer material provides reliable protection against adverse weather conditions, while the detachable fleece lining allows for versatile use. This allows the coat to be adjusted depending on the temperature and intended use. The adjustable, elasticated neck collar, the continuously adjustable belly strap with a snap closure, and the elastic, length-adjustable loops for the hind legs ensure a secure and stable fit.

The closed belly panel provides additional comfort. Practical details such as the opening for the collar's D-ring and the waterproof, adjustable two-way zipper for harnesses make it easy to put on. Reflective piping increases visibility at dusk and in low-light conditions. With a back length of 60 cm, the coat is available in a size suitable for dogs with the appropriate needs.
