A Glamorous Style Statement Designed to meet the highest standards and ensure a stylish look: The uvex perfexxion III grace is the perfect fusion of elegance, comfort, and safety. This season’s must-have piece features 38 sparkling Swarovski® crystals, chrome-plated ventilation grilles, high-quality strap covers, and faux leather piping.
Premium style meets top performance. The uvex perfexxion III grace is a must-have for all female riders who find understated style in the saddle far too boring. This is thanks to the 38 original Swarovski® crystals, hand-set one by one, which—combined with chrome-plated ventilation grilles, elegant strap covers, and synthetic leather piping—make the helmet an exclusive eye-catcher. For added safety, the uvex perfexxion II grace is cut lower at the back of the head. The pentagon dynamic ventilation system ensures optimal air circulation and guarantees a consistently comfortable helmet climate. The practical ponytail cut and the exceptionally soft and breathable “supersoft microsense” lining round out the comfort package.
