Product information

Canter Mane&Tail is a mane and tail spray designed for quick, gentle care of a horse's coat. This lightweight conditioner helps create a smooth, easy-to-comb texture, reduces matting, and leaves a subtle, oil-free sheen. The formula is designed for easy application and is suitable for regular grooming in the stable as well as before competitions.

The detangling spray makes it easier to brush through the mane and tail and can help reduce hair breakage during grooming. It can be applied to both dry and damp hair. When applied carefully, it creates a well-groomed finish that preserves the hair's natural appearance and noticeably streamlines grooming time.

- Mane and Tail Spray for Horses
- Makes detangling and combing easier
- For smooth, soft, and well-groomed hair
- Oil-free, natural shine without heavy residue
- Can be used on wet or dry hair
- Results are immediately visible and long-lasting
- 500 ml bottle for regular use

For the mane, apply the fine mist evenly and then brush through gently. For the tail, it is recommended to work through sections of hair separately to effectively detangle any knots. When used in combination with a suitable shampoo, you can achieve particularly even conditioning results.

Note on the variant: Depending on the packaging, the product may be labeled as "Canter Mane & Tail Conditioner" or "Canter Mane and Tail Spray"; the care properties remain identical.
