Color:	black
Horse Size:	Full

The "Calla" snaffle bridle, made of high-quality leather, is anatomically shaped and was designed with the horse's comfort and practicality in mind. The thoughtful positioning and padding of the individual components reduce pressure points and help keep the bridle securely in place on the horse's head. Functional details such as a removable stop strap, integrated cheek pieces, and an anatomical headpiece ensure an optimal fit and comfortable wear.

• Made of high-quality leather
• A stop strap on the side of the noseband to relieve pressure on the bridge of the nose and ensure unimpeded breathing
• KavalSH4: removable stop strap with no visible fasteners
• Noseband curved at the sides for a better fit and comfort
• Cheek pieces integrated into the noseband for an elegant appearance
• Specially anatomically shaped headpiece
• Padded stop strap closure
• Padded buckles on the noseband
• Larger holes and buckles for easier fastening
• Sideways, angled attachment of the throat strap to the headpiece for a more comfortable fit and optimal positioning

Product information

• Swedish loop on the bit holder, with an elastic band that prevents the loops from coming loose
• Internal elastic in the browband loops prevents the browband from slipping
• Curved browband with large rhinestones
• Without reins
