Product information

Color: black

We are launching a new and improved Deluxe model of our popular Royal Ankle Braces. The brace consists of two parts: a durable and sturdy outer shell and a thick inner pad featuring Welltex® technology. The Royal Deluxe model is anatomically shaped to provide an optimal fit around the hock. The outer shell features strategically placed seams to prevent pressure points. The rear opening at the joint provides additional support. Thanks to the high-cut inner lining, the gaiter offers a high level of comfort.
The cushion can be easily removed for washing, as it is attached to the outer shell with Velcro fasteners. The inner padding features Welltex® and can help stimulate blood circulation. This helps alleviate symptoms such as stiffness, inflammation, and osteoarthritis. The three strong, durable Velcro fasteners on the outer shell ensure optimal support. The middle Velcro fastener features a two-part elastic band to prevent pressure on the joint. The gaiter can be used both in the stable and during transport.

- Welltex® technology
- Two-piece gaiter
- Anatomical fit
- Sturdy Velcro fasteners
