Advantages of the Pelham:

- Can be ridden with two or one rein
- Pulling and leverage can be applied in a controlled manner as needed

Advantages of the Pelham side pieces:

- The distinctive feature of the Stübben STEEL tec Pelham side pieces is their short shanks.
- The short shanks allow for a quicker response with shorter rein movements.
- This rapid response is very helpful in show jumping, especially during quick turns.
- The flat stainless steel chin strap hooks lie more comfortably against the mouth and prevent pinching of the lips.

Product information

- The special chin strap hooks also make it easier to adjust the chin strap

Advantages of the SWEET Copper Bit:

- Better acceptance
- Pleasant taste
- Stimulates saliva production, which aids in eating
- The solid copper alloy (90% copper, 7% iron + aluminum, nickel-free) is highly durable
- Your horse feels comfortable with SWEET Copper

Stübben STEELtec quality:

- No sharp edges that could injure the horse’s mouth
- Long-lasting durability thanks to carefully selected materials
- Special manufacturing techniques minimize wear on the bit’s ring holes and joint connections
