The uvex suxxeed active is the perfect helmet for discerning riders. With its elegant and understated design, this robust hard-shell helmet impresses during training and competition with its highly effective climate management and exceptional comfort.
The uvex suxxeed active guarantees the highest levels of safety and comfort. Featuring an impact-resistant PC outer shell and a shock-absorbing EPS inner shell, this hard-shell helmet offers a first-class fit and protection on every ride. To prevent heat buildup, the uvex suxxeed active utilizes a sophisticated ventilation system. The integrated ventilation channels continuously channel fresh air into the helmet and expel warm air to the outside. The proven 3D IAS system allows for individual size adjustment in both height and width. The Ring-Fast-Adapting-System, featuring high-quality synthetic leather strap covers, ensures the helmet stays securely on your head in all situations.
