Product information

Color: black

The uvex onyxx riding helmet for kids: Setting new standards in safety and featuring a stylish, shiny black look. Our riding helmet for kids offers all the same technologies and safety features as our adult helmets.

One-size-fits-all: Adjustable from 3XS to XS (49–54)

The uvex onyxx children’s riding helmet impresses with its **feather-light weight** and exceptionally good ventilation—and is also super comfortable thanks to its climate-regulating interior. With the three-dimensionally adjustable uvex IAS 3D sizing system, the children’s riding helmet can be **precisely adapted to the shape of the child’s head**. Every child has a unique head shape, and for a riding helmet to fit perfectly, it must be adjustable in both width and height. The Fast Adapting System (FAS) ensures that the helmet can be adjusted flexibly and easily in any situation

Product Highlights

- Lightweight helmet construction with maximum impact resistance thanks to the integrally bonded shell consisting of an EPS inner layer and a polycarbonate outer layer
- Optimal fit to head circumference and head shape thanks to the uvex 3D IAS system, including height adjustment
- The FAS strap can be easily and continuously adjusted to fit the wearer’s head shape precisely
- One-handed helmet release via the anatomically shaped uvex monomatic comfort closure
- Optimized air circulation thanks to cleverly designed ventilation openings
- Made in Germany
