| Color: | blue |
| Blanket Sizes: | 145 cm |

The Bucas Shamrock Power is an ideal multifunctional blanket. It works perfectly as a cooling, travel, or lightweight stable blanket. The lining of the Bucas Shamrock Power is made from Bucas' signature "Stay-dry" material (2-layer). The "Stay-dry" lining quickly wicks moisture away, and the horse dries off very quickly thanks to the material's properties. This unique feature of the fabric saves time and eliminates the need for tedious re-blanketing, while providing the horse with comfortable protection. The antibacterial treatment also keeps the blanket fresh and in good condition for longer.

The Bucas Shamrock Power is available in the Classic Cut and Full Neck styles, as well as in black and navy.
