The **Rambo® Autumn Series Turnout (0 g outer material with 100 g inner lining)** is a versatile turnout blanket that combines technical fabric with modern design. This blanket quickly adapts to fluctuating seasonal temperatures and ensures that your horse stays dry and comfortable in the pasture—so you can be completely confident that, regardless of temperature fluctuations, you've made the right choice when selecting your turnout blanket!

This incredibly **lightweight, waterproof, and highly breathable turnout blanket** from the Rambo® collection combines a **technical softshell material** with 900D polyester side panels and innovative, **integrated mesh inserts** exactly where they're needed —in the chest and shoulder areas—to promote excellent air circulation and prevent overheating.

Other highlights of this blanket include cross-straps for a secure fit, a "shine-enhancing" lining on the mane, shoulders, and tail flaps that prevents chafing and promotes a healthy coat with regular wear, a removable, contoured 100-g inner liner for layering, a detachable hood, a front snap closure for easy handling, comfort and chafing protection, and a PVC-coated, wipe-clean tail cord.

Perfect for busy horse owners looking for a versatile blanket they can rely on, offering comfort and outstanding performance throughout all seasons.
