Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Material:	Plastic
Size of the bit:	13.5 cm
Thick bridle:	18 mm

The NATHE water snaffle is back—and it’s been upgraded! We’ve replaced the plastic joints with stainless steel and angled them forward by 45°. This prevents pressure on the palate and ensures even pressure distribution. The high-quality thermoplastic has a smooth surface, is food-safe, and free of plasticizers and solvents. Additionally, thermoplastic is temperature-neutral, making the bit comfortable for the horse even in cold temperatures.

- Made of high-quality thermoplastic
- Smooth surface, no “eraser effect”

Product information

- gentle on the mouth Stainless steel joint tilted forward by 45°
