EVERNESS
Bridle
The “Everness” bridle is made of premium oiled leather and features an anatomically shaped, very softly padded headpiece with a deep ear cutout that relieves pressure on the nerve pathways and allows the ears greater freedom of movement. The soft padding on the noseband and headband also provides exceptional comfort for the horse. For a distinctive look, the noseband features elegant leather decorative elements on the sides. The browband sparkles with large and small white rhinestones. The noseband is adjustable on both sides. Includes narrow rubberized reins with barbs (16 mm).

Product information

What is oiled leather? Oiled leather is vegetable-tanned and retains its natural grain. During the tanning process, it is treated with high-quality oils, making it very soft as well as water- and dirt-repellent. This ensures the leather remains supple, durable, and easy to care for over the long term.
