Product information

Muck Boot Arctic Sport II Ankle - Women's, 39

Art.Nr.: KV-AS2A001.39 / manufacturer: Kavalkade

139,00CHF

incl. 8,1% VAT plus Shipping

Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Color:	black
Features:	Waterproof
Season:	Winter
Shoe Size:	39

The "Arctic Sport II Ankle" work shoe by Muck Boot
The perfect companion for quickly feeding the animals in the barn in the evening. Slip them on in a flash, and the grippy sole keeps you steady even on slippery floors.

- 100% waterproof
- Sturdy, textured outsole

Product information

- Lined with 5 mm thick neoprene for optimal flexibility
- Lightweight EVA midsole for added comfort

The footbed:

- Double-layered and made of memory foam
- Dual-density footbed with memory foam for even more comfort
- Antimicrobial bioDEWIX™ footbed insert on top
- NZYM™ for odor control and moisture management

Color: black-gray
Material: natural rubber and neoprene

To ensure you enjoy your Muck Boots for a long time, here are some tips and tricks for caring for them 1. You can easily remove dirt with a water jet or by gently scrubbing with soap and cold water. We advise against using solvents or cleaning agents to clean your boots. 2. Then let the boots dry naturally at room temperature. Please do not place the boots next to a heater to dry, as this will cause the natural rubber to become brittle, deteriorate, and eventually crack. For maintenance, we recommend the “KavalRub” care spray (Item No. 957 01). Please note: We do not recommend applying care products to the outsole. This can cause the sole to become slippery in wet or icy conditions.
Tip Everyone sweats, and especially during the hot summer months, it’s hard to keep your feet dry. This leads to residual moisture that remains in the boots at the end of a long, sweaty workday. Simply crumple up some newspaper and stuff it into the boot. This will draw out the moisture overnight.
