Farrier's Formula Double Concentrate, 5 kg

Art.Nr.: LDL-HS-24695-0001 / GTIN: 745680003117 / manufacturer:

119,45CHF

incl. 8,1% VAT plus Shipping

Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Product information

The product most recommended by farriers

Farrier’s Formula® Double Concentrate is a pelleted feed supplement for hooves and skin that can be added to regular feed or administered separately. It contains micronutrients such as phospholipids, omega fatty acids, vitamins, minerals, and essential amino acids for healthy hooves and a shiny coat—in a more concentrated form than the original Farrier’s Formula®. Farrier’s Formula® provides, in the correct amounts and composition, the structural components needed for strong connective tissue in the hoof capsule. It promotes rapid, solid growth of the hoof wall, sole, frog, and heels. In addition, Farrier’s Formula® ensures a shiny, beautifully colored coat as well as strong joints and tendons. Over thirty years of research, clinical trials, and field studies have repeatedly confirmed the effectiveness of Farrier’s Formula®.

Farrier’s Formula® Applications **Hoof Wall**

- Hoof Wall Quality
- Hoof wall thickness
- Healthy hoof structure
- Stability of the hoof wall

Skin and Coat

- Shinier coat
- Skin resilience
- Mane and tail quality
- Coat color

Sole of the hoof

- Quality of the white line
- Health of the frog
- Thickness of the hoof sole
- Durability of the shoeing
