KEP Chromo 2.0 SHINEThe CROMO 2.0 model is an evolution of the Cromo helmet. Thanks to an innovative mechanical snap-in system, the rider can easily replace the front and rear panels as well as the visor.
The ventilation grille features an aggressive yet elegant design and is available in both contrasting and color-coordinated versions. The KEP AIR CONTROL SYSTEM provides additional ventilation slots on the back to ensure greater breathability and better control of the internal temperature. The hand-stitched genuine leather chin strap features a 5-point system to guarantee a secure fit. The outer shell, injection-molded from polycarbonate, combines lightness and durability.
