Color: black

The Calming Mask with Ears is an elegant, jet-black horse mask that fits snugly over the horse's head. It is used for its calming effect and can help reduce stress and soothe a nervous horse. This horse mask is both easy to use and stylish in appearance, featuring carefully crafted eye openings and a black winged emblem embroidered across the bridge of the nose. All seams are elasticated for maximum comfort and a perfect fit. It fastens under the jaw with two Velcro straps. The mask is made from two layers of highly elastic, supple fabric, with one layer forming the ears. Thanks to the material’s elasticity and flexibility, it fits most horses. The fabric contains Welltex®, a textile technology known for its therapeutic properties
. Welltex® can stimulate blood circulation and help relieve tension in the horse’s facial muscles.
