Color: black

100% Made in Italy—from design to production
KEP SMART is the entry-level helmet in the KEP ITALIA lineup, designed for anyone who doesn’t want to compromise on the features of our products—even on a budget. It is very lightweight and comfortable, perfectly combining style, design, elegance, and unique technology that guarantees safety, comfort, and high performance. KEP SMART is perfect for all equestrian disciplines and features a flexible visor as well as a front grille with an internal steel protective mesh. The outer shell is made of lightweight and extremely durable ABS. The KEP AIR CONTROL SYSTEM ensures optimal ventilation by regulating the internal temperature and air circulation through the air channels in the polystyrene. The 5-point harness is made of hypoallergenic, very comfortable synthetic leather that prevents skin irritation. The inner padding, made from Coolmax® performance fabric, can be removed and washed by hand, in the washing machine at 30°C, or in cold water. It can be personalized with manual spray painting or other techniques and is available in two colors to suit every rider’s taste. Weight: 560 grams

Feel free to inquire about other sizes and models!
