- Antibacterial, antistatic

Material
The outer material is made from a 600D ripstop polyester fabric, making it wonderfully lightweight. The inner lining is made of glossy polyester. It is silky-soft and smooth, making it comfortable to wear and giving the coat an additional beautiful sheen. Of course, the blanket is breathable, antistatic, and treated with an antibacterial finish. With its 100g filling, it’s ideal for the transition period through into winter.

Cut/Features
The Hero blanket has a classic **cut**. This blanket features Horseware’s patented front leg cutouts. The unique design gives the horse greater freedom of movement, and the blanket also fits more snugly around the belly to ensure that area is protected as well. The blanket is made without a back seam and features a tail flap.

Fastening
: The blanket fastens at the chest with a double metal T-hook closure. It fastens at the belly with two crossed, adjustable belly straps, and a tail strap completes the blanket.
